The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course material, do not represent income to the Association.

**Purpose & Objective:** This ACLS course is tailored to help course participants acquire the skills and knowledge needed for the professional role in resuscitation attempts. Piney Woods AHEC is a recognized Community Training Center of the American Heart Association, and this course follows AHA training guidelines. Participants will be taught how to successfully master the evaluation and management of the first 10 minutes of a witnessed adult cardiac arrest.

**Intended Audience:** The intended audience for this course includes personnel in intensive care or critical care departments and emergency medical providers such as physicians, nurses, emergency technicians, paramedics, respiratory therapists, and other professionals whose jobs require completion of a written evaluation and successful skill performance.

**Prerequisites:** Registrants are encouraged to have completed a basic life support course within two years prior to registering for this course. Knowledge of pharmacology and arrhythmia recognition is highly recommended.

**Course Text & Materials:** Your registration fee includes the Handbook of Emergency Cardiovascular Care for Healthcare Providers. The required course text, ACLS Provider Manual, may be purchased online or local bookstores. This manual was published in 2011 and contains the changes made to the ACLS guidelines in 2010.

**Accreditation:** This continuing nursing education activity was approved by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation This CNE activity has been approved for 15.25 contact hours. This CME activity has been reviewed and is acceptable for up to 16 prescribed credit hours by the American Academy of Family Physicians.
